# DIAL A BUS

A SPECIAL TRANSIT SERVICE FOR

## YORK MILLS

The GO DIAL-A-BUS experiment has been operating in York Mills since October 29, 1973.

During that time, better techniques in dispatching have been developed. Drivers have acquired new skills. And the system is operating better than ever. Many residents will find it a convenient way to GO.

# How to Use GO-DIAL A BUS

It's as easy as one, two, three

From your home:

- 1 Dial 226-4221 at least one hour before you'd like to be at the Subway.

From the Subway:

- 1 A GO DIAL-A-BUS Terminal is located at the Subway exit on Old York Mills Road.

Buses also take shoppers to the York Mills Shopping Centre directly from their home.

To reach Yorkdale Shopping Centre, board the Shuttle Bus at the Subway. Direct return service every 30 minutes.

**No service on Sundays or Holidays.**

## Exact Cash Fare

If GO DIAL-A-BUS is to serve you well, the bus must be kept moving — not idle while the driver functions as a ticket agent. So the exact cash fare system is used. Your acceptance of it has been excellent. But if by chance you don't have 40 cents in exact change at a given time, you can still use GO DIAL-A-BUS. The driver will accept a TTC ticket or token plus 15 cents or two tickets or tokens.

## Restricted Pick-Up Areas

Traffic on major arteries is generally too heavy to permit passenger pick-up. There are safety problems to consider when passengers cross busy streets to board the bus. That's why there are no pick-ups on Yonge, Bayview, Leslie, Lawrence or York Mills Rd. In any case, there are regular TTC services on these streets.

Dead-end streets present another problem. Buses would be forced to turn around (likely in a private drive). Because backing up large vehicles is hazardous in residential areas where there are many children, GO DIAL-A-BUS does not service dead-end streets. Residents on such streets can arrange to meet DIAL-A-BUS at the nearest corner.
